The taxonomic sequence and nomenclature used in this list follow the Checklist of North American Birds, 7th Edition, American Ornithologists' Union, 1998, updated through the 63rd Supplement, 2022 (Ornithology 2022, vol. 139:ukac020).

North Dakota Birding Society (NDBS) is a non-profit statewide organization devoted to the study, conservation, and enjoyment of North Dakota's birds. NDBS's activities include reviewing sightings of rare birds through the North Dakota Bird Records Committee as well as holding periodic field trips and meetings. NDBS also manages ND-BIRDS, the North Dakota birding community's online mailing list. To join NDBS, or for more information, visit us online at <https://ndbirdingsociety.org/>. The Bird Records Committee (BRC) maintains records documenting bird distribution and occurrence in North Dakota. Through these efforts, the BRC maintains the authoritative bird list for the state of North Dakota.
